

SB 272, Hertzberg

The California Public Records Act: local agencies: inventory Senate Bill 272 requires each local agency, in implementing the California Public Records Act, to create a catalog of enterprise systems, to make the catalog publicly available upon request in the office of the person or officer designated by the agency's legislative body, and to post the catalog on the local agency's internet website. Below is the Wasco Recreation and Parks District enterprise systems pursuant to California Government Code Section 6270.5
